PROFESSIONAL SUMMARY

Java Developer (Fresher) with good knowledge of Core Java, OOP concepts, JDBC, and MySQL. Seeking an entry-level opportunity to apply my skills, gain real-world experience, and grow as a software developer

EDUCATION

2021 – 2024

Jerusalem college
of Engineering

Bachelor of Engineering

Bachelor of Engineering in Electrical and Electronics Engineering with strong analytical and problem-solving skills, currently transitioning into the IT sector with a focus on Java Full Stack Development

2018 – 2021

Bharath Polytechnic
College

DIPLOMA

Diploma in Electrical and Electronics Engineering with hands-on training in electrical circuits, motors, transformers, and basic industrial practices.

PROJECT

Vegetable Shop Management System

- Designed a Java-based application to manage vegetables, pricing, and customer purchases.
- Used ArrayList to store and manage vegetable data dynamically.
- Implemented menu-driven logic using loops and conditional statements.
- Focused on real-time shop billing and inventory management.

Student Management System

- Developed a console-based application to manage student records (add, update, delete, view).
- Implemented JDBC to connect Java with MySQL for data storage.
- Applied OOP concepts like encapsulation and inheritance for modular design.

TECHNICAL SKILLS

- CORE JAVA
- OOP Concepts
- MySQL
- HTML
- CSS
- JAVA SCRIPT

SOFT SKILLS

- Adaptability
- Teamwork
- Self-motivated

CERTIFICATION

- Core Java Certification
- HTML, CSS & JavaScript Certification
- Angular Certification
